RE: Robinson Brothers Construction, Inc. – Bonding Capacity

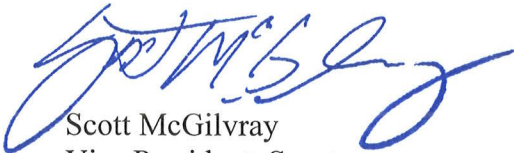

To whom it may concern:

My client, Robinson Brothers Construction, Inc. has asked that I provide this letter as an indication of their current bonding capacity. I am pleased to report that Robinson Brothers Construction, Inc. is in very good standing with its surety company, Travelers Casualty and Surety Company of America is rated A++ XV by A.M. Best and is listed on the U.S. Treasury Department's Listing of Approved Sureties (Circular 570).

At the present time, Robinson Brothers Construction, Inc. would qualify for individual performance and payment bonds if required in the \$25,000,000 range, with an aggregate bond program of \$60,000,000. As with all bonds, any request would be subject to satisfactory review of the underwriting conditions at the time of award, including, without limitation, prior review and approval of all relevant contract documents and bond forms, which are surety industry norms.

Robinson Brothers Construction, Inc. is a valued client. Their operations are profitable, and managed by competent, capable individuals. I hold them in very high regard and recommend them without any reservation. Please feel free to contact me if I can be of any further assistance.

Respectfully yours,
PARKER | SMITH | FEEK

Scott McGilvray
